

Volume 16, Issue 2 - November 2015

From Our President...

Time for another newsletter and still the same message on the Highway Trust Fund! There still has been no long term solution to the Highway Trust Fund. Please continue to voice your opinion to our elected officials who represent us.

At our September meeting Andy Barber of KYTC gave a discussion about the Louisville-Southern Indiana Ohio River Bridges Project. This project is designed to improve safety, alleviate traffic, connect highways and create economic development. We would like to thank Andy for a very informative program.

We are very excited to join with WTS for our annual holiday party. Our joint Holiday Party event will be on December 4th at Yard House in downtown Cincinnati. The event includes heavy appetizers and two drink tickets. Come out to help celebrate the holiday season and mingle with old friends and meet new ones. This is a great opportunity to bring a potential new member. Our region has had numerous transportation related projects over the past year. With that in mind, if you were involved in a project that you felt was worthy of recognition please consider submitting it for the Donald C. Schramm Transportation Improvement Award. This award has been presented by ASHE TRIKO Valley since 2000 and numerous projects, both small and large, have been honored in the past. The deadline for this year is December 18 so please visit the website, fill out an application and submit for your project.

I would like to extend best wishes for a happy, healthy and safe holiday season to all. I hope to see all of you at the holiday party!

The mission of the American Society of Highway Engineers is to provide a forum for members and partners of the highway industry that supports education, innovation, and fellowship; promoting a safe and efficient highway system for mobility now and in the future.

ASHE PIN Report - November 2015

As we approach the holiday season, our Christmas list includes a six-year, fully funded, transportation bill. Our last attempt at this wish was MAP-21, a bill that basically drained the surplus funds in the Highway Trust Fund. Now our federal highway bill is living day to day, with multiple infusions of life from the general fund to keep it afloat. The TEA Party mandates that Congressional Leaders sign a pledge of not passing any new taxes has hampered any support to raise the gas tax to coincide with a new transportation bill. So one again, President Obama has signed a two week extension on the current version of the Highway Bill. The highway bill that was approved by the House calls for spending up to \$261 billion on highways and \$55 billion on transit over six years. The legislation authorizes highway funding for six years, but only includes enough money to pay for the first three years. The Senate passed their version in July that would reauthorize highway programs for six years and provide \$47.6 billion of funding from the general fund to cover the Highway Trust Fund shortfall for the first three years. With the bill now going to conference, there is hope of passage of a transportation bill. However, the length that the funding will cover is still up for debate. Hopefully we will get our Christmas wish this year!

Great Lakes Region Outstanding Highway Project Award

At the ASHE luncheon at OTEC, Caroline Duffy (JMT Consultants Inc.) and Tom Flemming (Ford Development) accepted the Great Lakes Region Outstanding Highway Project Award (Under \$5 Million Construction Cost Division) for the Wooster Pike Revitalization Project, Phase 2 on behalf of JMT, Ford, and Prus Construction.

General Membership Meeting Minutes

September 22 - Montgomery Inn

President Beck called the meeting to order with the Pledge of Allegiance at 11:43 AM and recognized one guest.

Secretary Emerick noted that the minutes of the May meeting were published in the March newsletter and are on the table outside. A motion was raised by Ted Hubbard to accept the minutes which was seconded by Caroline Duffy and was accepted.

Eric Kistner presented the Treasurer's report, noting an operating capital of \$24,382.51. Expenses totaled \$11,199.75 and income totaled \$11,028.00. There are currently 185 members including 4 student members.

Caroline Duffy presented the PIN report, indicating that the authorization of the Highway Bill has not seen much progress. On July 31, the House passed the 30th extension, for five months and \$8 billion, with a promise that by December 18th, there will be a new highway bill. This is the time requested to finalize a major overhaul of the international business tax code, repatriation that has been the bipartisan support as the funding mechanism of the Highway Trust Fund. Over the summer, the Senate passed a version of the transportation bill, the DRIVE ACT (Developing a Reliable and Innovative Vision for the Economy Act), that promotes a six-year bill for the fiscal years of 2016 to 2021. This legislation has two components of Authorization and Programs and Acceleration of Project Delivery. The funding for the DRIVE act has not been determined. Since the funding of the Highway Trust Fund is still in limbo, it is important for our ASHE membership to continue to educate the public and to make known our desire for the passage of a long-term highway bill to our congressional representation. A PowerPoint with information on the Highway Trust Fund is on the ASHE national website. In addition, the ASHE funding stickers are available at the ASHE Store.

Stan Harris presented the Regional Report noting that we now have 806 members in the region. Tom Bolte is currently a national director whose term expires in May. The Great Lakes region nominating committee will make recommendations for his replacement. The region will be restarting the Circle City Section in the Indianapolis area. Applications will be due in April for the exposure funds from the sections and region. We sent the Schramm Awards winners on to National for announcement at OTEC this year. He reminded us to attend the national conference in Pittsburgh this year. We want to have great representation. Contact Stan Harris if you would like to advertise in the newsletter.

David Orr noted that the golf outing will be at the Vineyard again this year and asked members to see him if you would like to be a part of the committee.

Aaron Muck announced that he made a presentation at UC about our student chapter and is looking for opportunities to present at Cincinnati State and NKU. We would like to build the number of student members.

General Membership Meeting Minutes

Steve Shadix reported for Steve Mary that a tour of the Jeremiah Morrow Bridge will be offered by Dan Mendel. This walking tour will be limited to the first fifteen persons and you must bring personal protective equipment.

Vanessa Fritsch reported that the next event will be the holiday party. Please let her know if you have venue ideas.

Under new business, Eric Beck announced that we still have 15 members that have not renewed. Members must renew by October 1st to avoid initiation fees.

President Beck introduced Andy Barber from the KyTC who presented an update on the Ohio River Bridges project after which Eric adjourned the meeting.

Respectfully Submitted:
David Emerick
TRIKO Valley Section Secretary

ASHE TRIKO VALLEY MEETING

2015 Holiday Party

Location: Yard House, Downtown Cincinnati

Date: Friday, December 4, 2015 at 3:00 PM

We are very excited to join with WTS for our annual holiday party. Our joint Holiday Party event will be on December 4th at Yard House in downtown Cincinnati.

Cost is \$25 per person if you pay online and \$30 at the door. The event includes heavy appetizers and two drink tickets. Come out to help celebrate the holiday season and mingle with old friends and meet new ones.

**The Yard House is located at
95 E Freedom Way, Cincinnati, OH 45202
<http://www.yardhouse.com>**

**Hope to see everyone there on December 4th!
(Please RSVP via online registration by December 1st)**

Available during
USACE Construction
Roundtable
Dec 2, 12:30 - 5:30
Dec 3, 8:00 - 12:00

PROGRAM OF EVENTS

10:00 am - 1:00 pm
Tabletop Booth Setup for Sponsors

1:00 pm
Opening Remarks

1:00 pm - 5:30 pm: Panel Presentations

Presentation topics
include:

- State of affairs
- Requirements for working with each agency
- 2016-2017 Project Forecast

Panel #1 - 1:00 - 2:00

Ohio House of Representatives - Niraj Antani, Representative, 42nd Ohio House District
Ohio National Guard - LTC Dan Shank, Director, Construction Facilities Management Office
Department of Veterans Affairs, National Energy Business Center

Panel #2 - 2:00 - 3:00

Ohio Department of Transportation - Tammy K. Campbell, PE, District 8 Deputy Director
Kentucky Transportation Cabinet - Robert Hans, PE, District 6 Executive Director
Indiana Department of Transportation - Isaac DeBurger, PE, Seymour District Area Engineer

Break for Refreshments and Networking 3:00 - 3:30

Panel #3 - 3:30 - 4:30

City of Cincinnati - Chris Ertel, PE, Supervising Engineer, Department of Transportation & Engineering
Small Business Administration - Glenn Clevenger, Cincinnati Branch Manager; Nicole Pickard, Consultant; Barry Peel, Veteran Economic Development Specialist
Hamilton County - Ted Hubbard, PE, PS, Hamilton County Engineer

Panel #4 - 4:30 - 5:30

Department of Energy - Anne Marie Bird, Acquisitions, EMCBC
Fluor B&W Portsmouth - Dennis Carr, President
Environmental Protection Agency - Rhonda Hampton, Mechanical Engineer; Andy Franke, Energy Manager

The SAME Vision

To be a premier global engineering organization advancing the professional and personal growth of its members, the military and public sector engineering community, and the architecture, engineering and construction industry.

Jeremiah Morrow Bridge Presentation and Walking Tour

On October 19th, 20 ASHE members gathered at the Jeremiah Morrow bridge construction site for a presentation and walking tour hosted by Dan Mendal. Dan is the Project Engineer for ODOT and has had the privilege to lead the construction of Ohio's tallest bridge. The Jeremiah Morrow bridge(s) is a cast-in-place, post tensioned, segmental concrete box, built using the balanced cantilever construction method. The bridges span 2252 feet across the valley and are 239 feet above the State and National Scenic Little Miami River. The deck is 55 feet wide which will accommodate three lanes of traffic in each direction in the future. The bridge is founded on 8 foot drilled shafts and HP 14x89 steel piling. Five piers support the superstructure and are made up of three distinct sections. The pier bases vary in height having three foot thick walls and are hollow so that they can be easily inspected. The pier diaphragms are constructed on top of the pier bases and are 8 foot thick solid concrete. The diaphragms are the transition point from the pier base to the twin walls which extend to the pier table. The pier table is the first box section cast. The remaining deck sections are then cast using the balanced cantilever construction method alternating from each side of the pier table.

After the presentation we walked to the south end of the bridges. Once on the project site one truly gets an appreciation for the size and scope of this bridge project. The group walked inside the first bridge constructed that currently carries northbound I-71 traffic to observe the finished bridge. The group then had the opportunity to cross the walkway to the bridge under construction to observe up close the post-tensioning, re-steel placement and forming necessary to cast the next segment. All enjoyed this exciting construction tour.

Thanks again to Dan Mendal and Kokosing for allowing us this cool opportunity.

Jeremiah Morrow Bridge Presentation and Walking Tour

Committee Chair Person Contact Information

The ASHE TRIKO Valley Board of Directors has several committees to help promote our organization in a variety of ways. Listed below, you can find the contact information of the chair person for each committee. If you would like to share an idea or would like to volunteer to serve on a committee, please contact the appropriate chair person. The Board thanks you for your continued support and dedication to the transportation industry.

New ASHE Sections

Greetings ASHE members,

The beginning of each year has traditionally been a time many of us devote to getting smaller based on New Year's Resolutions. We at the ASHE National level are interested in getting bigger! We have focused attention on more remote areas such as Portland, Oregon and Denver, Colorado amongst others. Our newest initiative includes seeing if there are opportunities closer to "home". "Home" meaning seeking potential new section champions which may be travelling to areas with current sections, or have a branch office in an untapped region of the country which may have a person interested in sharing the ASHE mission with others and getting a section started.

Anyone interested in discussing opportunities to start a new section are encouraged to contact either Tim Matthews or Perry Schweiss, Co-Chairs of the ASHE New Sections Committee (contact information provided below), or any one of the ASHE National Board members (contact information provided on the website - ASHE.pro). There are many resources available to assist in this endeavor including Powerpoint presentations, detailed guidance and procedures, etc.; all of which can be found on the website. The most important resource available however is also ASHE's strongest attribute...it's members!

We are 6,000+ strong with 41 active sections and, with your spark, we will continue to grow in membership and, as this initiative supports, geographically! We look forward to hearing from those with the pioneering spirit and enthusiasm to spread the ASHE mission!!

With sincere gusto!

Donald C. Schramm Transportation Improvement Award 2015

AMERICAN SOCIETY OF HIGHWAY ENGINEERS TRIKO VALLEY SECTION

DONALD C. SCHRAMM TRANSPORTATION IMPROVEMENT AWARD 2015

CATEGORIES

- Construction Cost \$5,000,000 and under.
- Construction Cost over \$5,000,000.

ENTRY SUBMISSION

- Completed entry form (Original).
- Two (2) copies of project description and related materials (see entry requirements).

CALENDAR FOR 2015 AWARD

- **December 18, 2015 – Entry Deadline**
- January 12, 2016 - Review and rating of entries by the Board of Directors
- By January 15, 2016 - Top three (3) rated entries in each category will be notified
- January 26, 2016 - General Membership Meeting - Presentation to general membership by top three (3) rated entrants from each category. (Final selection to be determined by the general membership by closed ballot.)
- March 15, 2016 - General Membership Meeting - Awards presentation

AWARD REQUIREMENTS AND ENTRY FORM ATTACHED

Donald C. Schramm Transportation Improvement Award 2015

AMERICAN SOCIETY OF HIGHWAY ENGINEERS

TRIKO VALLEY SECTION

AMERICAN SOCIETY OF HIGHWAY ENGINEERS TRIKO VALLEY SECTION

DONALD C. SCHRAMM TRANSPORTATION IMPROVEMENT AWARD REQUIREMENTS

ELIGIBILITY

Eligible projects for the "Donald C. Schramm Transportation Improvement Award" shall be directly related to one or more of the following areas of the field of transportation:

- Highways
- Bridges
- Railroads
- Public Transit
- Bikeways
- Other Related Projects

GENERAL CRITERIA

1. Projects entered in the competition must be located within the geographic area of the ASHE - TRIKO Valley Section.
2. Construction of the project must have been substantially completed and ready for use between January and December of the competitions current year.
3. Entries must be sponsored by a member of the ASHE - TRIKO Valley Section.
4. Each submitted entry must be accompanied by the materials outlined in the Submission Requirements.
5. ASHE - TRIKO Valley Section will not be responsible for any damage or loss to entrant's submission materials.
6. The ASHE - TRIKO Valley Section Board of Directors reserves the right to determine the eligibility of all entries.

SUBMISSION REQUIREMENTS

Entries must include:

1. The original and two (2) copies of the Official Entry Form.
2. The signature of the sponsoring member on the entry form will be considered verification that the project is substantially completed and ready for use between January and December of the competitions current year.
3. Two (2) copies of a project description, not to exceed two (2) pages (8.5" x 11" with 1" side margins, minimum 11 point font) excluding any pages containing photos, graphs, charts, etc., within the two (2) page limit. (Some suggestions of content in the submission are original or innovative application of new or existing design, and/or construction techniques or materials, technical value to the engineering or construction profession, social, economic, and environmental value to the region, complexity, and rating of the expectations of the owner or the regional needs.)

TRIKO VALLEY SECTION

JUDGING OF ENTRIES

1. All entries will be judged by the nine (9) members of the ASHE - TRIKO Valley Section Board of Directors.
2. The Board of Directors will rate each entry to determine the top three (3) rated entries (competition finalists) in each of the categories specified for the award.
3. The sponsors of the competition finalists in each category shall give a presentation at the January General Membership Meeting. The format of each presentation will be at the discretion of the presenter. The time allotted for each presentation will be determined by the Board of Directors. The general membership in attendance at this meeting will vote by ballot for the projects receiving the award. All ballots will be submitted at the end of the meeting. Results of the voting will be tallied by the Chairperson of the Transportation Improvement Award and presented to the ASHE - TRIKO Valley Section Board of Directors at the March Board Meeting. There is only one (1) award for each category.

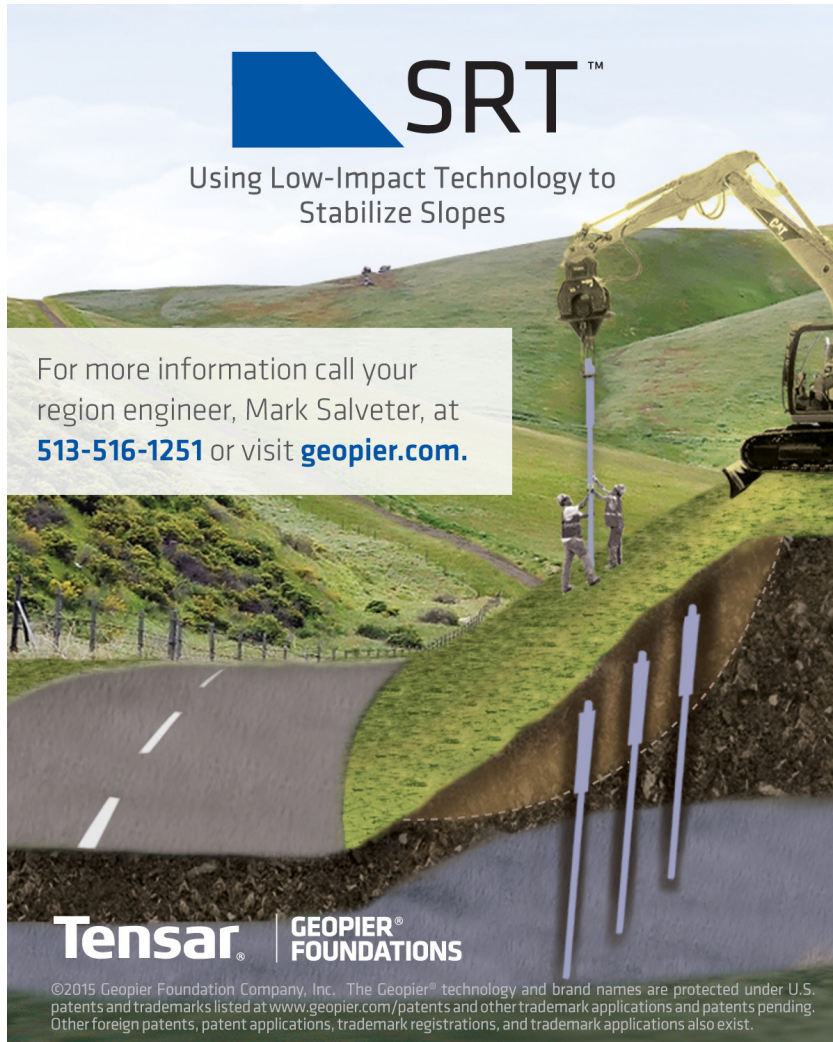

PRESENTATION OF AWARDS

4. Awards will be presented to the owner, design firm, and general construction contractor of the winning entries at the annual ASHE - TRIKO Valley Section Capital Improvement Program meeting in March.

A graphic of a highway sign. At the top is a small green rectangular sign with the text '1A' in white. Below it is a larger green rectangular sign with a white border. On the left side of this sign is the ASHE logo, which is a shield with a red top half and a blue bottom half containing a white circular emblem with the text 'AMERICAN SOCIETY OF HIGHWAY ENGINEERS'. To the right of the logo, the text 'ASHE' is written in large, bold, white capital letters. Below the green sign is an orange rectangular sign with the text 'ENTER' on the left, a black upward-pointing arrow in the center, and the text 'HERE' on the right. The background of the entire graphic is a light blue sky with white clouds. To the right of the highway sign, the word 'Values' is written in a large, blue, cursive font. Below it, the words 'Diversity', 'Innovation', 'Integrity', 'Fellowship', and 'Quality' are listed in a smaller, blue, sans-serif font, stacked vertically.

Why Join ASHE?

- To help promote the highway industry on a Local, Regional, and National level
- To become a member of a group that provides extraordinary value, with National dues of only \$20/year and Section dues ranging from just \$5 to \$50/year
- To expand your knowledge of all things related to highways
- To participate in a highly diverse community, ranging from government employees and contractors to consultants, suppliers, and utility owners
- To stay up to date on technical, political, and project issues with the quarterly *scanner* newsletter, weekly emails, educational events and more!
- To be part of an organization that recognizes the future of the highway industry, fostering Student Chapters and offering educational scholarships (*over \$1.4 million in scholarships awarded!*)
- To enjoy networking opportunities with clients and partners, discussing projects, exchanging insights, and fostering positive working relationships
- To enjoy fellowship with people throughout the highway industry

**Become a part of the highway industry's
premier networking organization.**
