Volume 23, Issue 2 - November 2022

## From Our President...

Welcome to the holiday season! It seems too early but I guess it is November.

As we head into the next couple of months, there are some ASHE Triko Valley events planned. Up first, we have our General Membership meeting, which is set for Tuesday, November 15<sup>th</sup> at the Original Montgomery Inn in Montgomery. Then, we will hold our Holiday Party on December 9<sup>th</sup> at deSha's. Please join us!

I hope you will also join me during this time of reflection and giving thanks to express gratitude to our Board of Directors. They continue to lead and serve us. Most recently, on October 14<sup>th</sup>, we hosted our first sporting clay shoot. What a fun time!

Look further in this newsletter for some photos of the afternoon and plan to participate next time as we intend to make this an annual event. Please reach out to Terry Dull for more information on the original outing and on future shoots that are to come. Thanks, Terry, for creating such a great event! And more thanks to Todd Gadbury for heading up the Schramm Awards committee. I hope you saw the Scanner article featuring last year's winner in the over \$5 million category, the Montgomery Road (US 22) and Ronald Reagan Highway (SR 126) roundabout project. We submitted this project and the under \$5 million Schramm Award winner, Wayne Madison Road and Hamilton Trenton Road roundabout project, for the Great Lakes Region Project of the Year award. As announced at the All-Ohio ASHE Luncheon at OTEC, the Wayne Madison Road and Hamilton Trenton Road roundabout project won. Congratulations to the Butler County Engineer's Office, Burgess & Niple, and RB Jergens on a job well done! Details and deadlines for next year's Schramm Awards are quickly approaching as you'll find in this newsletter. With such an impressive membership, we know that the next round of submissions will not disappoint. Speaking of extraordinary members, at our September meeting, we congratulated Dan Ficker with an ASHE Lifetime Membership. Thank you, Dan, for your service to our Section and to the transportation industry. We truly are a remarkable group!

While we are closing out 2022 and looking forward to 2023, I am excited to see what our next series of programs will bring. We will continue to serve our members with our typical meeting line-up, but we also hope to bring back some tour opportunities and more social events. Please reach out to any Board member or committee chair with any ideas that you may have or to offer your assistance. We appreciate all of you and we need all of you to ensure a successful ASHE Triko Valley Section!

Wishing you all a happy, healthy, and safe holiday season,

Katie Dillenburger

# ASHE PIN Report – November 2022

Over the last forty years, the midterm elections have typically seen control of Congress turn away from the party of the elected President. While the Democrats had control of both of the Congressional houses before this year's midterm election, this year, the Republicans failed to make as many gains as predicted. The actual makeup of the House and Senate has yet to be revealed, as key races remain too close to call in two Senate contests and thirty-three House races as of this writing. It is projected that whichever party is the majority in both the House and Senate will be so by a very narrow margin. So what does this mean for our transportation industry? The Bipartisan Infrastructure Law was passed just over a year ago to provide monumental funding to fix our nation's infrastructure. However, each of the next four years will need an accompanying appropriations bill to implement the funding set out in the Bipartisan Infrastructure Law. This yearly passage of the total \$110 billion for roads, bridges, and major projects must be authorized yearly or the Bipartisan Infrastructure Law has no standing. Please continue to contact your representative, especially the newly elected ones, and become an advocate expert for them to rely on when these authorizations come up. Let's do our part to keep the funding for our industry on track.]

# Donald C. Schramm

## Transportation Improvement Award

The membership established the Donald C. Schramm Transportation Improvement Award to recognize completed transportation projects that truly improve efficiency, safety, and quality of life. The awards were named after the late Donald C. Schramm, P.E.-P.S., who was a leader in the transportation engineering field and in Hamilton County government. He served as the Hamilton County Engineer in the Cincinnati area from 1973 to 1992. Mr. Schramm and his administration made every attempt to hasten the completion of the Ronald Reagan Cross County Highway project through the very complex federal aid development process. The personal and professional attributes displayed by Mr. Schramm during his tenure inspired the ASHE Triko Valley Section to name the Transportation Improvement Awards in his honor.

Two awards are given each year to qualifying local transportation projects. One award is given to projects valued over \$5 million construction cost and one award to projects valued less than \$5 million.
